**MATTERS RELATING TO THE DESIGNATION OF SLOVENIA**

The applicant is hereby informed that Slovenia (SI) is bound by the European Patent Convention (EPC) since 01 December 2002. Moreover, it is no longer possible in an international application to designate Slovenia for a national patent. Therefore, in international applications filed on or after 01 December 2002, Slovenia may be designated only for a European patent and not for a national patent.

Since, in respect of the above-mentioned international application, Slovenia is designated both for a European patent and a national patent, the purported designation for a national patent has been deleted *ex officio* by the International Bureau.
